ABOUT THE MEETING

The International Coronary Congress, (ICC) is the premier international, multidisciplinary meeting dedicated to state-of-the-art surgical coronary revascularization.

The ICC is proud to celebrate 6 years of success around the world with the most recent meeting, the virtual congress on December 5, 2020. We had record attendance and a stellar program so we are excited to be heading back to New York for the 7th ICC meeting, December 3-5, 2021 at the New York Marriott Marquis-Times Square. The chairs are already developing a truly superb multidisciplinary program to examine and promote best practices in surgical coronary revascularization and will once again feature world-class speakers from around the globe and include the most innovative techniques and technologies related to the surgical care of patients with coronary artery disease. The program will be attended by medical professionals from all over the world and will feature focused educational opportunities for each member of the coronary care team.

We appreciate the partnership of numerous professional associations and societies from around the globe, dedicated to the care of coronary patients.
